FROM MEMPHIS.

Sherman on Forest.
MEMPHIS, Dec. 9th.—Gen. H. N. B. Forrest, in view of a possible war with Spain, has made a formal tender of his services to Gen. Sherman, who, in writing a characteristic letter to Forrest, said that he had sent his letter to the War Department with this endorsement: "Respectfully referred to the Secretary of War for file among the hundreds of officers who come to me. I deem this worthy of a place among the archives, to wait coming events. I regard N. B. Forrest as one of the most capable ordinary men developed by our civil war, and were it left to me, in the event of a war requiring cavalry, I would unhesitatingly accept his services and give him a prominent place. I believe now he would fight against our national enemies as vehemently as he did against us, and that is saying enough."
[Signed] W. T. SHERMAN, General.
Sherman don't believe but there will be war. Neither government wants war.

The Grabbers in the Ascendancy.—A discussion of the bill in the House.
The Senate Engrage had on financial matters.—The Vice President to be absent.—Other Washington items of interest.—The Spanish Embassy.—Burroughs, etc.—The Mississippi Levee.

WASHINGTON, Dec. 9.—The proceedings in the House to-day were of a lively character. After the passage of the bill in regard to the redemption of the twenty million loan of 1868, the question of the increased salary bill came up and was discussed till the hour of adjournment. The two chief advocates of the repeal who opposed on the stage to-day, were Cox, of New York, and Lawrence of Ohio. The former was pretty thoroughly riddled by Negley, of Pennsylvania. Lawrence was made the butt and laughing stock of the whole House, because he had to confess, as a member of Congress in 1869, that he had pocketed four thousand dollars of back pay, under circumstances as disgraceful as those which characterized the last salary grab. The only Southern man who participated in the discussion, was Lynch, of Mississippi, who boldly avowed that the Southern members were opposed to any reduction, and at least, wanted no reduction should apply to the present Congress.

On the whole, the salary grabbers were in the ascendant. A vote will be asked, but hardly reached to-morrow.

SENATE.—Several financial bills were introduced. Aldern introduced a bill for levees on the Mississippi. Aldern was appointed on the committee of mines and mining.

The Vice President gave notice that he would be absent several weeks and suggested the election of a speaker pro tem. Adjourned.

We learn from Mr. Hearne that the *Era* is reorganizing, and will issue daily after the first of next month.

Dr. Pritchard has gone to Greensboro to assist the pastor of the Baptist Church in that place in holding a protracted meeting.

In crossing the railroad at the terminus of Fayetteville street, a colored man was thrown from a wood wagon and had his arm broken on yesterday afternoon.

The Raleigh Baptist Church will hold a business meeting on Friday night Dec. 12, 1873. This meeting takes the place of the regular monthly meeting which was not held Dec. 5th, on account of inclement weather.

"The hawl is over, both mother and daughter are doing well," were the concluding words of a dispatch received by one of the officers of the General Assembly yesterday. From all appearances, that officer was the happiest man in the General Assembly. If we only knew how, we would offer our heartfelt congratulations, but as we have no right to know how a man ought to feel under the circumstances, we forbear for fear in speaking of matters we know nothing about, we might say something out of place.

PANIC PRICES.—Messrs. Baxter, Nash & Co., of Norfolk, Va., announce that they are daily receiving fresh goods bought at panic prices, which they are selling at low figures. See their notice in another column.

ALMOST A FIRE.—Yesterday morning a fire was discovered in the garret room of the building occupied by Messrs. Gorman, Maroon & Lee as a Job Printing establishment. The flames were discovered in their incipient stage, and were easily extinguished. From the surroundings it is beyond all doubt that the originator of the fire may be traced to an incendiary.

SINGER SEWING MACHINE COMPANY.—Mr. Wilson, the popular Agent of this company, has filed up his office, at the former stand of the Telegraph office, Fayetteville street, in a very handsome manner. All of the arrangements are neat and the room presents a very attractive appearance. Mr. Wilson is a most efficient agent, and during his sojourn in our midst has made many warm friends.

MAYOR'S COURT.—Before his Honor, Mayor Whitaker, Tuesday, the 9th 1873.

Thomas Pugh, assisted by Paul Lincke, captain of the night watch, on Newbern street, with a bag of turnips, at a very unseasonable hour, was brought before his Honor, on an investigation. In default of \$200 bail Thomas was committed to the keeping of the manager, Dick Fowler, Esq., of Hotel de Lee. "The way of the transgressor is hard."

SENATE.

NINETEENTH DAY'S PROCEEDINGS.

Tuesday, Dec. 9.

The Senate met at 11 o'clock, Lieut. Gov. Brogren in the chair.

Journal of yesterday read and approved.

Mr. Cowles asked if his name was reported as voting on the resolution in regard to the back salary grab, as he discovered from the report in the *News* that his name was not reported.

The reporter of that paper, though, had stated to him that on account of the high session he was unable to correct his proof and several errors had crept in his report.

Mr. Cunningham stated that he was unavoidably absent from his seat yesterday when the vote occurred on the back pay resolution. He desired to show his regard for this act by recording his vote in the affirmative on the passage of the resolution, and in the negative on the amendment to strike out that portion of the resolution censuring the President.

Mr. McCauley stated that the *News* had reported his position on the resolution incorrectly, and desired to know if he was correctly reported on the journal.

Reports from Standing Committees were submitted as follows: Messrs. Allen, Morehead, of Guilford, Grandy, Gudgeon and Todd, from the Judiciary; Mr. Love, from Propositions and Grievances; Mr. Norwood from the Agricultural; Mr. Murray from Engraved bills; Mr. Todd from Enrolled bills; and Mr. Price from the Judiciary.

Introduction of Bills.

By Mr. Allen, a bill to lay off and establish a new county by the name of Morehead from a portion of Granville, Franklin and Orange counties. The bill and accompanying petition referred to the Committee on Propositions and Grievances.

By Mr. Welch, a bill to establish a new county by the name of Bragg. Referred to Committee on Propositions and Grievances.

By Mr. McCabe, a bill to authorize the late Sheriff of Edgecombe county, W. A. Wright to collect arrearages of taxes for that county. Referred to Committee on Propositions and Grievances.

By Mr. Todd, a bill to cure certain defects in jurisdiction in certain cases. Referred to the Judiciary Committee.

By Mr. Ellis, of Columbus, a bill to amend sec. 264, 265, 272, 273 of the Code of Civil Procedure. Referred to Judiciary Committee.

By Mr. Cramer, a bill to provide for filling vacancies in the office of County Surveyor. Referred to Judiciary Committee.

Mr. Allen introduced a supple-

ment to the bill offered by himself to establish the new county of Morehead.

Special Order.

At 12 o'clock the bill to prevent fraud in the sale of Commercial Fertilizers on its third reading was announced as the special order.

Mr. Norwood in advocating the passage of the bill referred to the large trade of North Carolina in fertilizers and of the large amount expended for this commodity annually. From a report made at the last meeting of the State Agricultural Society it was shown that a certain brand of fertilizers, for which thousands of dollars had been paid, contained over 60 per cent of pure sand. The farmers could not avoid this imposition, and this act would provide for a remedy for the evil. The act of 1871-2 was not adequate to the purposes and the committee thought proper to substitute this bill for it. He referred to the act spoken of, and comparing the two, showed the difference in their effect and operation.

Mr. Cowles objected to the 8th section of the bill that provides a fee of \$15 for the State Geologist on each analysis, and offered an amendment that the fee should be applied to the Educational fund of the State.

Mr. Murphy opposed the amendment, arguing from a scientific point of view that the chemical preparations required to make this analysis would cost the State Geologist more than the sum of \$15.

Mr. Norwood said that he was informed by the Geologist that he would be compelled to employ a chemist who would operate under his own direction to make this analysis.

Mr. Love called the previous question on the passage of the bill, which being sustained, the amendment of Mr. Cowles was rejected and the bill passed.

The question recurring upon the passage of the bill, it passed by 29 yeas to nays none.

The bill to amend chapter 101, private laws of 1870-71, being "an act appointing a Weigher of Cotton and Inspectors of four and said fish for the City of Raleigh," came up as the special order for 12 1/2 o'clock.

After considerable discussion, the special order was postponed till Tuesday next at 12 o'clock.

Rules Suspended.

Under a suspension of the rules, the House resolution for the relief of John M. Young, Sheriff of Buncombe county, allowing him till the 1st of January to settle with the State Treasurer, was taken up and passed its several readings.

On motion of Senator Harris, the vote on the passage of the resolution was reconsidered and that motion failed.

On motion of Mr. Cunningham, the bill to incorporate the North Carolina Immigration Society, at Warrenton, was taken up and passed its several readings.

On motion of Mr. Grandy the rules were suspended and the resolution in favor of the Sheriff of Gates county taken up and passed its readings.

Calendar.

The resolution of Senator Epes, in regard to civil rights, came up, and on his motion, was made special order for Wednesday next.

The bill to authorize the issue of bonds for the purpose of raising funds to build a railroad from Hickory to Lincolnton came up on its third reading, and passed by 27 yeas.

The bill supplemental to, and explanatory of the resolutions passed by the present General Assembly, passed its second reading.

The bill to prevent flogging and whipping in the penitentiary, prison or workhouses, was next taken up.

Mr. Worth moved to lay on the table.

Harris called for the yeas and nays.

The call was sustained, and the motion of Mr. Worth prevailed by a vote of 19 yeas to 15 nays.

Senator H., in explaining his vote in the affirmative, stated that he only did so for the purpose of calling for a reconsideration, as he desired to make some remarks on the bill, and was cut off by the motion of the Senator from Randolph to lay on the table.

Miscellaneous.

On motion of Mr. Gudgeon, the Senator from Johnston, Mr. Ayers, was granted leave of absence on account of sickness in his family.

Mr. Welch announced that the Senator from Carrabarrs, Mr. Barnhardt, was detained in his room on account of sickness.

The President announced as the Senate branch of the Committee on adjournment Messrs. Waring, McCabe, and Murphy.

The House resolution of Mr. Morning (published in the *News* a few days since) in regard to the new Federal Court House in the city of Raleigh, and transmitted from the House was read and adopted.

Mr. Cramer offered a written protest for himself and other Republicans against the action of the Senate in voting against the back salary grab resolution which is too lengthy for our report.

NOTE.—Mr. Cowles voted in the affirmative on the resolution in regard to the back pay resolution reported in yesterday's *News*. His name was unintentionally left out by the reporter. Also in yesterday's report on the same resolution, the name of "Heaton" should be Horton, and "Kirby" should be King. On the resolution in regard to striking out that portion of the resolution censuring the President, Senator Harris is reported as voting on both sides of the question.

Mr. H. voted for the resolution. Mr. McCauley, who is reported as voting for the amendment, voted against it.

The reporter thinks it but sheer justice to notice the remarks of Mr. King, of Lenoir, who in explanation of his vote for the resolution, stated while he was willing to show by his vote his condemnation of the back pay salary grab, yet he would not vote for that portion of it censuring the Executive, simply from the fact that the Constitution forbids any advance of his salary, he did not draw it, and he could not censure him for an act he was not guilty of.

HOUSE REPRESENTATIVES.

Mr. Speaker Robinson called the House to order at 10 1/2 a. m.

Journal of yesterday was read and approved.

Several petitions were presented and appropriately disposed of.

Messrs. Bennett, Waugh, Carter, Gidney, McGee, Wiley and McNeill submitted reports from various standing Committees.

GOLDSBORO ITEMS.—Our regular correspondent "M." at Goldsboro, sends us the following items from his section, under date of yesterday.

The regular Annual Conference of the Methodist Episcopal Church of North Carolina, which meets in this place to-day, is the all absorbing topic and interest.

Bishop Keimer, the presiding officer, has arrived, and ministers are pouring in from every section.

Much credit is due the Rev. Mr. Mann, of this place, for his indefatigable energy in securing good and comfortable quarters for the large number that will be in attendance.

It is believed that there will be two hundred ministers present, and the hospitality of Goldsboro will be fully commensurate to the demand.

The *News* and *Sentinel* controversy excite much interest here, and as I am able to learn, the unfortunate necessity that forced it is universally regretted. Hope you will soon cease your hostility.

THE SCHILLINGER PAVEMENT.

NEW YORK, November 1, 1873. Having been informed that certain parties are endeavoring to lay a pavement of artificial stone not so durable as the Schillinger pavement, I hereby caution all persons against employing any one thus loading their pocket, or even their life, with the full extent of the law. My patent covers all artificial stone or concrete laid in sections or blocks, and of any intervening substance either paper, felt or cloth. JOHN J. SCHILLINGER, Patentee.
